

# Cursed Items

*Jon New*

## 1 Description

What I had in mind are cursed objects. They are picked after the battles, like normal objects, but once picked, they cannot be dropped, sold, or exchanged. The only way to get rid of a cursed object is to uncurse it at the Mystique (or is it called Mystic?), the Enchantress, or the Warlock for the stated price. When uncursing an item, it will be destroyed on a die roll of 1-2; on 3-6 the object is saved, and can still be used (ie poison bottle becomes a water bottle).
